

## Bizarre ~ Bazaar Additional Prices

The additional price for your sale items at the 2010 Quadrennial Assembly Bizarre Bazaar are listed below. These amounts are determined based on the current tax rate in the Guilford County of North Carolina.

The chart below lists price ranges and the additional charge which we ask you apply to the items you are selling during the Bizarre Bazaar. For instance, an item which you would normally sell for \$3, we are asking you to sell it for \$4 for this one time. An item which you normally sell for \$35, we are asking you to sell for \$38 this one time.

The additional amount per item sold that you are charging over your normal cost will then be paid to the Quadrennial Assembly, as is explained in the cover letter. Most of this amount will go to pay the North Carolina Sales Taxes. Please contact us if you have any questions.
